Shelter

Sean Dayton

Verse 1:

```
G                    D
  Here I am again    searching for a place
Am7                                  C
  Where Your grace can show me rest
G                            D
  Will You lead me there     with Your tenderness
Am7                          C
  With Your promise to protect
```

Pre-Chorus:

```
            Em7      D/F#    G
    When I fall You lift me up
              Em7     D/F#       C
    When I'm lost You are the way
```

Chorus:

```
                      G
        You are my Shelter when strength is gone
                     Em7
        You are my Refuge when pain holds on
                C                       D
        And my soul finds rest..... in You Oh' God
```

Verse 2:

```
G                     D
  Here I am again     leaning on Your strength
Am7                            C
  Leaning on Your faithfulness
G                                  D
  You keep me sheltered here     in Your warm embrace
Am7                              C
  A place to rest my head again
```

Bridge

```
C             D                    C                 D
My fortress, my hiding place, my soul finds rest in You Oh' God
```
